

Directions for downloading the NGB Bystander Awareness Training CD

1. Log on to GKO. Go to the J1-Manpower and Personnel (J1) Select Sexual Assault & Prevention. Go to Documents and List. Under external links select NGB Bystander Intervention Training.
2. Once you select NGB Bystander Intervention Training you will need to reauthorize your user name and password. It will prompt you to download the file. Once you have done this it will take a few minutes. It is a large document. Once it has downloaded you will see the following screen.

3. Make sure to highlight all the items and then select actions and extract. As seen below.

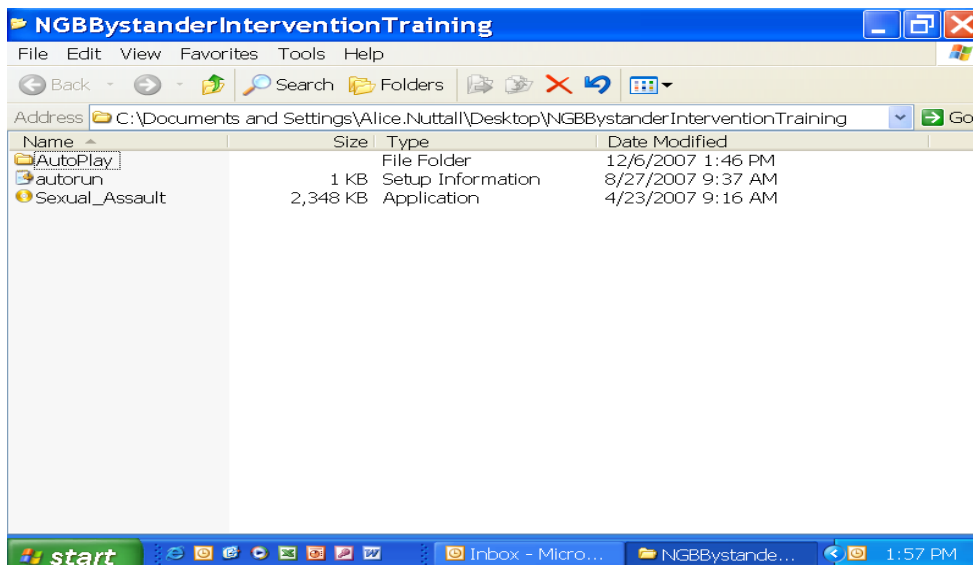

4. I suggest when you download to put it on the desktop.

On your desktop you will see this:

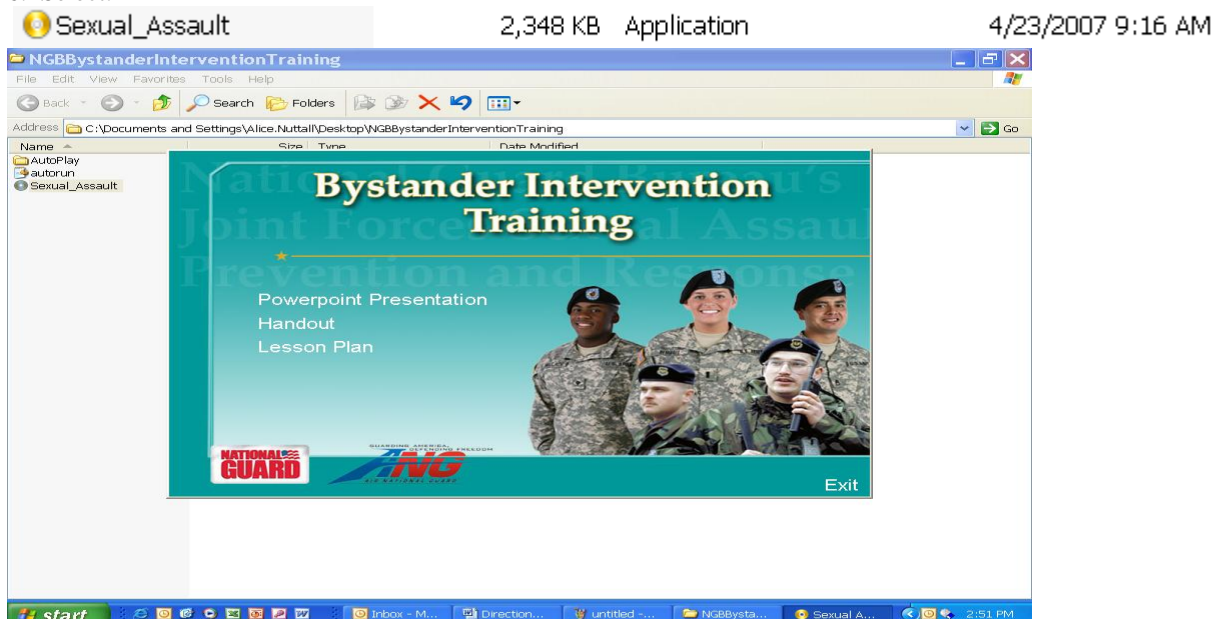

NGGBystanderInterventionTraining

5. When you open you should see the screen below:

6. Select:

7. You have successfully downloaded the training package. Please go through the training by selecting the Powerpoint Presentation. You should give it a minute to load and then make sure the videos are embedded into the training. Make sure to download the Broadcast Video “Train the Trainer” before you go out and do your training. This gives you some very valuable training tips. If you need additional help please contact:
